

2014 Summer Internship Announcement

May 15, 2014 – August 15, 2014

20 Hours per week

Unpaid Position

Chesterfield County is currently seeking qualified candidates for an internship opportunity in the Information Systems Technology Department. The Information Systems Technology (IST) Department provides information technology support services to county departments, constitutional offices and public school departments.

Position Description: Assists the Software Development and Support Team to build or enhance business applications for varying county departments. Position will work under the general guidance of senior developers to analyze and deliver technology solutions.

Summary of Qualifications: Candidates must be enrolled as undergraduate juniors, seniors, or those in a graduate program, and have a minimum grade point average (GPA) of 2.8. Must have basic knowledge or training in the following technologies: Visual Studio Development Suite, C#, HTML, XML, Visual Basic, SQL language, and Microsoft Office products such as Word, Excel, Outlook, and Visio. Excellent written and verbal communication skills and the ability to problem solve required. Successful completion of a fingerprint-based criminal history check and pre-employment drug screen required.

For consideration of this opportunity, candidates must fulfill the application requirements, listed on our website at www.chesterfield.gov/internships, by March 14, 2014.

Chesterfield County is an Equal Employment Opportunity employer.
